A LITTLE SUFFERER

Face, Hands and Arms Covered With Scrofulous Humors—How a Cure Was Effected.

"When five years old my little boy had scrofulous humors on his face, hands and arms. It was worst on his chin, although the sores on his cheeks and hands were very bad. It appeared in the form of red pimples which would fester, break open and run and then scab over. After disappearing they would break out again. They caused intense itching and the little sufferer had to be watched continually to keep him from scratching the sores. We became greatly alarmed at his condition. My wife's mother had had scrofulous humors and the only medicine which had helped her was Hood's Sarsaparilla. We decided to give it to our boy and we noted an improvement in his case very soon. After giving him four bottles of Hood's Sarsaparilla the humor had all been driven out of his blood and it has never since returned."

WILLIAM BARTY, 416 South Williams St., South Bend, Indiana.

You can buy Hood's Sarsaparilla of all druggists. Be sure to get only Hood's.

Hood's Pills cure liver bile, easy to take, easy to operate. 25 cents.

New York—Roosevelt is elected Governor by about 15,000 majority. The Democrats gained several Congressmen.

South Carolina—The Democratic State ticket was elected without opposition.

South Dakota—The election returns show that it will take the official count to determine the result.

Tennessee—McMillen elected Governor by 15,000 majority. The Legislature largely Democratic.

Texas—State Democratic ticket elected by 250,000 majority. A solid Democratic Congressional delegation.

Virginia—Democrats elect a solid Democratic delegation.

West Virginia—Democrats carry the State and elect the Legislature and make gains of two Congressmen.

From New Zealand.

Reefton, New Zealand, Nov. 23, 1898.

I am very pleased to state that since I took the agency of Chamberlain's medicine the sale has been very large, more especially of the Cough Remedy. In two years I have sold more of this particular remedy than of all other makes of the previous five years. As to its efficacy, I have been informed by scores of persons of the good results they have received from it, and know its value from the use of it in my own household. It is so pleasant to take that we have to place the bottle beyond the reach of the children.

RECORD BREAKER.

Frank Shellman has an Ear of Corn That's a Corker.

It Was Raised on Land in the Neighborhood of Sample.

One of the best farmers in Breckenridge county is Frank Shellman, of the Sample neighborhood. He thoroughly understands the cultivation of corn, and gets such good results with his crop that he is willing to match with anybody.

Recently he read in the News that Mr. Abe M. Lutes had found an ear of corn in his field that had 1,300 grains on it. Mr. Shellman had great faith in his corn, and he went out into the patch on a tour of investigation. He was amply rewarded for he pulled three ears that beat Mr. Lutes' prize corn and broke the record.

One ear had thirty rows that averaged forty-five grains to the row, making a total of 1,350; the second ear had 1,288 grains, and the third, a yellow ear, had a total of 1,300 grains.

Mr. Shellman is willing to "give a pretzel" to the man who can produce ears of corn to beat this.

Infant mortality is something frightful. Nearly one-quarter die before they reach one year, one-third before they are five, and one-half before they are fifteen! The timely use of WHITE'S OREAM VERMIFUGE would save a majority of these precious lives. Price 25 cts.—A. R. Fisher.

Negro Shooting Scrape.

At Litchfield, Thursday, a negro known as the "Kid" was shot in the back by James Saunders, also colored.

The two got into a fracas in that part of town known as Africa, when Saunders shot him with a pistol. The wound is thought to be a serious one.

From An Old Soldier.

Knox, Ind., Jan. 14, 1897.

Gentle—I have every confidence in recommending your Syrup of Peppin. I am 72 years of age and am broken down, the trouble having been brought on by my experience in the war. Your medicine has done me more good than a hundred doctors and I am just about well of stomach troubles.

Yours truly, Jefferson Wilhelm.

TOBACCO GROWERS.

In Kentucky Are To Perfect an Organization.

Will Erect Tobacco Warehouses to Store Their Product.

The tobacco growers of Kentucky are being aroused as they were never before. Every State paper that has reached this office the past week has had something to say about a State convention of tobacco growers, and condemnation of the Tobacco Trust. There can be no doubt that a proper interest will be aroused in time for the State meeting in this city, Monday, November, 28. A dispatch from Manfordsville says: "Mr. A. H. Wood, who started a movement to organize the tobacco growers so that they can demand a fair price for their tobacco, is meeting with much encouragement. He has a number of letters from prominent farmers all over the State, and all of them favor the idea. He has not yet met one who disapproves it. He was asked what they would do with the poorer classes of people, who, when in need of money are compelled to do and sell their tobacco for what they can get for it? He stated that an arrangement would be made whereby this class could deposit their tobacco in the warehouse and get money on their receipts as collateral. Mr. Wood and his associates will thoroughly form an organization."

Dr. Bull's Cough Syrup cures the worst cold in a day; stops the running of the nose; breaks the fever and banishes all tendencies toward pneumonia. It is the quickest reliver and curer of throat and lung diseases.

RELIGIOUS REVIVAL.

Eloquent Evangelist Preaches On the Soul's Salvation.

Baptist Church Crowded Daily With Saints and Sinners.

One of the most interesting religious revivals ever conducted in Cloverport is now in progress at the Baptist church. The meetings are being conducted by Rev. Francis Taylor, of Louisville.

Rev. Taylor is one of the most eloquent evangelists of his denomination in Kentucky. He is a man of fine physique and of strong individuality.

His sermons are full of interest because they are both pithy and pointed. They deal with the great questions that concern man's salvation and he points out the truth so plainly that a wayfarer, though blind, can see.

On Sunday the churches of other denominations discontinued regular services and all joined in union services at the Baptist church. The house of worship was crowded both during the day and evening.

Rev. Taylor will preach this (Wednesday) afternoon on the subject of "The Resurrection of the Dead." Tomorrow (Thursday) afternoon he will preach on "Heaven and How to Get There." On Friday afternoon he speaks on the topic "Shall We Know Each Other in Heaven?"

These sermons are wonderfully eloquent and are so full of human interest that no one should miss them. They take place at 3 o'clock every afternoon and all are cordially invited to attend. Night services every evening at 7 o'clock.

A Queer (f) Medicine.

There is a medicine whose proprietors do not claim to have discovered one hitherto unknown ingredient, or that it is a cure-all. This honest medicine only claims to cure certain diseases and that its ingredients are recognized by the most skilled physicians as being the best for Kidney and Bladder Diseases. It is Foley's Kidney Cure.—A. R. Fisher, Cloverport; R. A. Shellman, Stephensport; Gordon & Haynes, Patesville; E. A. Whit, Hardinsburg.

Complete Democratic Victory.

Oscar Miner, Democrat, has been elected State Senator from Crawford, Perry and Spencer counties, Indiana, over Til Groves, Republican, of Tiptonport, by over 300 majority. Chas. Myler, Democrat, is elected joint Representative from Perry and Crawford counties by 300 to 400 majority. The entire Democratic county ticket in Perry county is elected by a majority of from 200 up.

I suffered for 25 years with a cough, and spent hundreds of dollars with doctors and for medicine to no avail until I used Dr. Bell's Pine-Tar-Honey. This remedy makes weak lungs strong. It has saved my life.—J. B. Rosell, Grantsburg, Ill.

Women Should Know It.

Many women suffer untold agony and misery because the nature of their disease is not correctly understood. They have been led to believe that womb trouble or female weakness of some sort is responsible for the many ills that beset womanhood.

Neuralgia, nervousness, headache, puffiness or dark circles under the eyes, rheumatism, a dragging pain or dull ache in the back, weakness or bearing-down sensation, profuse or scanty supply of urine with strong odor, frequent desire to pass it with scalding or burning sensation, menses in it after standing in bottle or common glass for twenty-four hours, are signs of kidney and bladder trouble.

The above symptoms are often attributed by the patient herself or by her physician to the female weakness or womb trouble. Hence, so many fail to obtain relief, because they are treating, not the disease itself, but a reflection of the primary cause, which is kidney trouble.

In fact, women as well as men are made miserable with kidney and bladder trouble and both need the same remedy.

Dr. Kilmer's Swamp-Root is the great discovery of the eminent kidney and bladder specialist, and is easy to get at any drug store for fifty cents or one dollar.

To prove its wonderful merits you may have a sample bottle and book telling all about it, both sent absolutely free by mail. Kindly mention the Breckenridge News and send your address to Dr. Kilmer & Co., Binghamton, N. Y.
